AMUSEMENTS

VIOLA DANA IN POWERFUL PICTURE.

"The Microbe," latest Metro production, starring Viola Dana, will be the feature at the Butler today. The picture is the dramatic and heart-breaking story of The Microbe, a girl of the New York slums, who is rescued from her unsavory surroundings by a young author in search of local color. Her quick wit and winsome personality, coupled with the ease with which she acquires polish and refinement in her new environment, quickens her interest in her—

an interest which soon develops into something deeper. In fact, DeWitt finds himself fast falling in love with his protégée. This state of affairs is also evident to Judith Winthrop, a young widow whose matrimonial deceptions—each one more amazing than the last, until a tremendous climax lays bare the treachery which has embittered the life of the girl who at last finds complete happiness and love. Added to the feature will be a two-reel animal comedy, "The Lion in the House," featuring the celebrated Wallace Reid in "The Dub," and George B. Seltz and Marguerite Courtin in "Bound and Gagged," the picture of intermingled laughs, thrills, excitement and suspense, a regular Fairbanks comedy-drama, the one you liked so well last Sunday.

Coming Monday, Rex Beach's great Alaskan story, "The Girl From Outside," in seven gripping reels.

Sharp ————— \$5.50
Bruner ————— 25.00
Potts ————— 25.00
Manhattan ————— 90.00
Pioneer ————— 45.00
Hearty and Carrara ————— 36.00
Millet (Philip Meyer) ————— 5.00
Tybo ————— 170.50

Total ————— \$ 627.50
Plus total for Tonopah ————— 2,532.20
Less general campaign expenses ————— 9.85

Net total for Nye county to date ————— \$3,149.85

There is still a final word of appreciation to be expressed at this time. To the people of Tonopah and the other communities of Nye county who have contributed their time, effort or funds in a spirit of generous response to the appeal of the Elks committee in aid of the Salvation Army, nothing can be said or done which would adequately repay the debt of gratitude that the committee owes. At the same time, it is hoped that all those who have donated may enjoy the satisfaction that comes from having helped in a worthy cause. Respectfully yours,

EMIL ELKNER,
Chairman, Nye County Campaign Committee.

Inside Facts

It's what's inside your battery that makes it live long or wear out quickly.

Inferior insulation wears out before the plates do, and re-insulation is necessary.

Threaded Rubber Insulation greatly postpones and almost always entirely eliminates the need of re-insulation, makes a battery last much longer under equal conditions, and reduces the liability to any other kind of repairs.

It's the one biggest battery improvement in ten years—demonstrated now by four years of use.

You can't afford not to know about it, for some day you'll need a new battery.

Call and let us tell you all about it.
